- Red and black color scheme
- More whites (maybe in the background to make it more clear)
- Work with mockup b and play around with the colors
- Consider a red shadow, less strong overlay for title
- Newspaper style for subtitles

    - Use these color combos
- Bold block text
- Image of paper as background - off white textured image
- Make colors align better - like women dress for background thats more opaque
- Bold block website design
- Add website footer - maybe link to wiki article
- Like text style in mobile version like of taxonomy
